

## Best Practice in Medication Management

This programme has been developed to support nurses and midwives in providing safe, evidenced-based practice in the area of medication management. It supports nurses and midwives by ensuring that they are up to date and meet the requirements of Nursing and Midwifery Board of Ireland and HIQA in the area of medication management.

**5 CEUs**

**Fee:** €80.00 INMO Members;

### Aims and Objectives

- To provide a comprehensive overview of safe and effective medication management to include the fundamental issues, i.e. accountability, autonomy, collaboration, delegation and competence.
- To assist nurses and midwives to carry out their obligation to practise according to the legislation governing nursing and midwifery.
- To educate participants regarding policies and law focusing on: legislation, EU directives, international developments, social policy, national and local guidelines, individual education and individual levels of competence.

Note: Please refer to Nursing and Midwifery Board of Ireland guidance, standards and e-learning programme on medication management available on [www.nursingboard.ie](http://www.nursingboard.ie)
