- **Managing Behaviours that Challenge**
- **Developing a Behaviour Support Plan**

### Programme facilitators:

**Brian McDonald**, MA Behavioural & Cognitive Psychotherapy, P.Dip., Cert. Behaviour Therapy and **Maurice Healy**, RNID (ANP); MA in Intellectual Disability

This programme explores the key components of compassion and their application in the care setting. It is an internationally recognised evidence-based approach to supporting individuals with behaviours that challenge. It introduces participants to the model of Positive Behaviour Support and outlines the benefits of its use. It is designed for management and frontline staff to supporting and improving the quality of care of individuals with behaviours that may challenge the services which support them.
