

# On-Site Education

Let Us Come To You

[www.inmoprofessional.ie](http://www.inmoprofessional.ie)

# How On-Site Education Works

The Professional Development Centre (PDC) has an extensive range of quality education programmes provided by expert facilitators that can be delivered to you directly on-site. On-site education is a more cost and time effective solution for your educational needs. Our fees are based on 'per day' rather than 'per person' with no other additional costs, which makes our education affordable and available to all.

At your own site with a programme designed specifically around your service, your nursing and midwifery staff will earn Continuing Education Units (CEUs). Just choose the date, location and topic and the INMO Professional Development Centre will do the rest.

- 1** INMO PDC will handle all administrative aspects of the event, including providing the most suitable facilitator, materials and obtaining NMBI (Nursing and Midwifery Board of Ireland) Accreditation and CEUs.
- 2** High-quality education will be provided for you at your location.
- 3** Contact INMO Professional Development Centre **016640642** **[pdc@inmoprofessional.ie](mailto:pdc@inmoprofessional.ie)** with your education needs.

## Save Time - Cut Costs - Update CPD

- More than 120 tailored education programmes
- Highly skilled, expert facilitators
- Provided throughout Ireland
- One and two-day programmes
- Category 1 Approved by the NMBI with CEUs
- Certificates, course packs and materials provided

# Benefits of On-Site Education

## Quality Content

On-site programmes feature the same high-quality content you have come to expect from our PDC. Having an academic relationship with a university, there are possible options in the future for higher education opportunities. All of our on-site programmes are written by subject matter experts.

## Save Time and Money

Sending your staff out for training costs your organisation time and money. Save time on travel and hours away from work by bringing the training on-site to your chosen venue.

## Convenience

Finding a good time and location to train your staff can be a challenge. With on-site education, you pick the time and location that works best for your organisation.

## Customised

On-site programmes are fully customisable to your organisation. Courses can be modified, combined or written specifically to meet the needs of your group. We will help you build a relevant, engaging curriculum that ties in directly to your needs and your staff. Your group will receive education in the areas they need most.

## Team Education

On-site education is open to all your staff. Each nurse and midwife who completes any of our education programmes receives a certificate approved by NMBI with CEUs.

## How To Book On-Site Education

If you are interested in on-site education or would like a copy of our latest Education and Continuing Professional Directory for Nurses and Midwives please contact:

**Marian Godley**, Course Co-ordinator on **01 6640642** or email **[pdc@inmoprofessional.ie](mailto:pdc@inmoprofessional.ie)** or go to **[www.inmoprofessional.ie](http://www.inmoprofessional.ie)** for more information.

## Testimonials from Nurses and Midwives who attended our Education Programmes:

*"Organisation and delivery was excellent, very clear and easy to understand, I learnt a lot from the day"*

*"Keep up the good work and thank you so much. Trainer was excellent, very knowledgeable and covered everything"*

*"This course was very informative and engaging. Thanks to the INMO Professional Development Centre"*

*"This training was really very interesting, nothing to improve on, all was excellent. Would like to have more of this training in our hospital. Thank you for a very good study day"*

*"Well done, I would recommend this training to my colleagues. Very informative and excellent teacher, the best course I have done in years"*

*"It was a very worthwhile day, the trainer kept my full attention and I thoroughly enjoyed the training. Thanks"*

*"An excellent day's work! An absolute 'must' for all. This course will benefit me personally and professionally for a long time"*
